Comments:

The title of this article directly reflects the research subject of interest. It clearly describes the focus and scope of the research conducted.

The abstract provides a brief but informative summary of the purpose of the study, the methodology used, the main findings, and the practical implications of the study. It gives the reader a good overview of the substance of the article.

The introduction presents the background of the problem well and provides a clear context for the research to be conducted. This helps the reader to understand the urgency and relevance of the research topic.

The literature review is very comprehensive and in-depth. The author manages to present the theory and related research in a systematic and structured way, providing a strong foundation for the research conducted.

The research methods section provides a clear description of the research design, sample population, data collection procedures, and analysis used. This gives the reader confidence about the validity and reliability of the study.

The results and discussion are well presented, with key findings described in detail and analyzed in depth. The author successfully links the findings with relevant literature and presents the implications of the research clearly.

The closing provides a strong summary of the entire article, highlighting the main findings and their implications. It also offers good thoughts on future research directions, concluding the article nicely.

The references used in this article are relevant and updated. The authors managed to cite authoritative sources and integrated them well in their writing.

Based on the review results, manuscript entitled,

Analysis Of Business Income Of Tofu Industry Production in North Labuhanbatu District

is accepted for publication in "**Ekombis Review: Jurnal Ilmiah Ekonomi dan Bisnis** " and will be published in Volume 11, No. 2, July 2023.

Bengkulu, 29 July 2023
